

Elfete Totaj

Software Developer

I enjoy being challenged and engaging with projects that require me to work outside my comfort and knowledge set, as continuing to learn new languages and development techniques are important to me. Highly organized, responsible and well-versed in Computer Science and Engineering. Successful in quickly building skills, self-teaching and acquiring new knowledge.

EDUCATION

Master's degree, Computer Science and Engineering

University for Bussines and Technology

10/2022 - Present

Kosovo, Pristina

Bachelor's degree, Computer Science and Engineering

University for Bussines and Technology

10/2019 - 10/2022

Kosovo, Pristina

Natural Scienses

Gjon Buzuku

09/2016 - 06/2019

Prizren

WORK EXPERIENCE

Quality Assurance

Gjirafa Inc

11/2021 - 09/2022

Pristina, Kosovo

Achievements/Tasks

- Unit Testing and Integration Testing with C#
- Tests with XUnit and Selenium
- Managed tasks of my team and tests all their work
- Improvemets for some features at GjirafaMall with C#

CERTIFICATES

Certificate of scholarship, UBT (02/2021 - Present)

Certificate of scholarship, UBT (02/2022 - Present)

PERSONAL PROJECTS

ZooLife (Zoo Management System) (08/2022 - 10/2022)

- This is a project developept by me with MERN Stack and .Net Core. It is about managing Zoology and help people to adopt animals.

AMS (Agriculture Management System) (03/2022 - 07/2022)

- This is a project that I worked with one of my friend. We built this project with three frameworks React Js, Node Js and C# using .Net Core. Also we used two type of databases relational and non-relational, MSSQL and MongoDB. This project is like an Ecommerce where users can bye and sell agricultural products.

HMS- Hospital Managment System (03/2021 - 06/2021)

- I worked this project with my college. We defined all requirements in software engineering then we code a simple application with .NET Core and React Typescript.
